ETHAN RECHICHI

Full Stack Developer | Melbourne, VIC

0444 547 388 | ethanrechichi@icloud.com | ethanrechichi.vercel.app | github.com/Dev-EthanR | linkedin.com/in/ethan-rechichi

PROFILE

Full stack developer with a hands-on background in industrial electrical work. I transitioned into software after discovering a passion for building systems that solve real problems and I brought the same methodical, detail-oriented mindset from the trade into my code. During my electrical apprenticeship at Interpack, I independently built automation tools using Python and SQL. I am now seeking a junior developer role where I can contribute from day one and grow within a team that values craft and continuous improvement.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C#, HTML, CSS

Frameworks & Libraries: React, Next.js, Node.js, Express, Socket.io, SASS, TailwindCSS, Bootstrap, shadcn/ui

Databases: PostgreSQL, SQL Server

Tools: TanStack Query, NextAuth, Zod, Stripe, OpenAI API, PowerBI, Git, Vercel

PROJECTS

Resume Screener — *Next.js, TypeScript, PostgreSQL, Prisma, NextAuth, Open AI API, Zod*

- AI-powered resume screener that analyses how well a resume matches a job description and returns a percentage match score
- Streams AI-generated resume bullet rewrites inline
- Generates tailored cover letters based on the uploaded resume and job description using streaming AI responses
- Persists all analyses to a history dashboard with match scores, job title, company, and resume filename

Job Application Tracker — *Next.js, React, TypeScript, TailwindCSS, Prisma, PostgreSQL*

- Full stack application to track job applications, statuses and follow-ups
- Implements server-side rendering, database persistence, and a responsive UI

Quizzly — *React, TypeScript, Socket.io, Express, OpenAI API, PostgreSQL*

- Built a real-time multiplayer quiz game with live scoring, presence, and in-game chat, synced across players via WebSockets
- Used Socket.io and Express to manage real-time game state across concurrent player sessions

Stash — *Next.js, TypeScript, Stripe, PostgreSQL*

- Built a multi-vendor digital goods marketplace with three-role access control (buyer, vendor, admin)
- Integrated Stripe Connect for vendor payouts and Uploadthing for file storage

WORK EXPERIENCE

Software Developer | **Interpack Pty Ltd** | *2026 – Present*

- Building an internal forecast upload system single-handedly, using Next.js, TypeScript, Prisma, and SQL Server/Azure SQL, with Microsoft Entra ID authentication and multi-format spreadsheet parsing

- Implemented automated product matching against a Dynamics 365 database and a five-step upload wizard (customer selection, file upload, product mapping, D365 preview/compare, Excel generation), plus supporting dashboard, history, and admin pages

Production Worker | **VistaPrint** | *Apr – Jul 2025*

- Maintained quality standards in a high-volume production environment

IT Work Experience | **Interpack Pty Ltd** | *Oct – Nov 2023*

- Built a Python automation system to send daily file-verification emails
- Designed and built a SQL Server database to log and track operational data
- Visualised key metrics and trends using PowerBI dashboards for management reporting
- Gained hands-on experience in Python programming in a live industrial environment

Electrical Apprentice | **Interpack Pty Ltd** | *2021 – 2023*

- Performed electrical maintenance, breakdown repairs and installations across production machinery
- Fault-finding on complex industrial machines using wiring diagrams and PLC knowledge
- Developed strong problem-solving skills under operational pressure in a fast-paced manufacturing environment

EDUCATION & CERTIFICATIONS

Certificate IV in Information Technology (Programming) | Holmesglen Institute | 2024

Certificate III in Electrotechnology | Victoria University | 2022 – 2023

Professional Development | Mosh Hamedani | TypeScript, React 18 (Beginner & Intermediate), Next.js 13, JavaScript (Fundamentals & Advanced), HTML5 & CSS3, AI-Powered Apps, Claude Code

Catholic Regional College | 2017 – 2021
